

FAISAL JAMIL

BSCS Graduate | Critical Thinker | Driven by Innovation

☎ 03111830004 ✉ Faisaljamil2021@gmail.com 📍 Lahore, Pakistan

SUMMARY

I am a motivated and detail-oriented Computer Science graduate eager to contribute to organizational success through innovation and adaptability. With strong programming skills in various technologies and a commitment to continuous learning, I aim to deliver high-quality results. I have developed an innovative e-commerce platform as part of my final year project, showcasing my technical expertise and creativity.

EDUCATION

BS in Computer Science

PAK-AIMS University 📅 07/2021 - 07/2025 📍 Gulberg III Lahore

Intermediate

Board of Intermediate & Secondary Education Lahore

📅 09/2021 - Present

TRAINING / COURSES

SEO

Covers SEO principles and practices

DIGITAL MARKETING

Focuses on digital marketing strategies and tools

WEB DEVELOPMENT

Covers modern web development technologies

EXPERIENCE

Academic Project Contributor 📅 08/2024 - 06/2025

- Independently planned, designed, and developed a fully functional e-commerce platform (*Chic Avenue*) for smartwatches as part of final year academic project.
- Implemented end-to-end functionality including product listings, AI-based trade-in evaluation using OpenAI Vision API, cart system, and secure order management.
- Managed complete development lifecycle independently — from database design to backend logic and frontend design.

Self-Learning & Freelance Practice (WordPress)

- Built multiple practice-based WordPress websites using themes and page builders like Elementor.
- Customized themes, created landing pages, and experimented with WooCommerce store setups for learning purposes.
- Gained understanding of plugins, SEO basics, and CMS structure through consistent self-learning and hands-on projects.

STRENGTHS

Critical Thinker

Demonstrated capabilities in critical thinking and innovation in problem-solving

KEY ACHIEVEMENTS

Final Year Project: CHIC AVENUE

Developed an innovative e-commerce platform with features such as AI-based price assistant and AR-powered virtual try-on

SKILLS

Adobe Photoshop		Bootstrap		C/C++
CSS	HTML	Java	JavaScript	
JSON	Photoshop	PHP	Python	
SEO	SQL	Gmail	Responsive Web	

INTERESTS

Co-Curricular Activities

Involved in various workshops focused on web development and digital design

PROJECTS

CHIC AVENUE

Chic Avenue – AI-Powered Smartwatch Store

Technologies: PHP, MySQL, JavaScript, OpenAI Vision API, HTML/CSS.

- Designed and built a responsive online store for smartwatches, implementing immersive 3D-styled UI for a better user experience.
- Built an AI-powered module to analyze smartwatch images and provide dynamic trade-in value.
- Complete E-Commerce Flow:** Implemented product browsing, cart functionality (guest + user), order confirmation, and admin order management system.
- Ensured cross-device compatibility and applied secure backend logic for order and customer data handling.
